

NOTE: The manual programming process should only be used in the event the standard process does not properly program the device.

1) Upon activating the device within CARES and initial power-up, the customer should touch the picture of the **Android's head** **within 3-5 seconds upon appearing on the screen**. The customer should skip all subsequent steps until the device powers-up to the home screen.

IMPORTANT NOTE: To ensure the customer receives potential over-the-air updates in the future, if the device was programmed manually, you must guide the customer to perform the following step after initial activation:

- Set-up a Social Networking account using the  **Accounts** application (reference pg. 37 of the User Manual)

2) Open the **dialer**. The dialer is the button located on the bottom left corner of the screen.

3) Dial **#073887*** [SEND]. [SEND] is the green button located on the bottom center of the screen.

4) Enter **000000** (six zeroes) and select **"Verify."**

5) Select option **"01 User Activation."**

6) Enter the proper **MIN** and **MDN** in the appropriate fields. When complete select **"Done."** The device will then automatically restart.

7) The device will power-up to the home screen. You're ready to go!
